Re: Mary Ann Borders

I rarely write recommendation letters however, after working with Mary Ann Borders on several events, I am more than happy to do so. I am the CEO/President of the El Segundo Chamber of Commerce. El Segundo, California is the first city along the Pacific Ocean just south of Los Angeles International Airport and has the second highest concentration of Fortune 500 companies in the state of California including Chevron Products, Mattel, Northrop Grumman, Boeing, DirecTV, Oracle, and Raytheon just to name a few.

As I mentioned, through my work with the El Segundo Chamber as well as several community organizations, I have had the pleasure of working with Mary Ann on several events from small to large. She exceeded my expectations in every way during the planning and implementation of each event. I never had to worry about the details. Mary Ann was always on top of each and every item.

However, it just wasn't Mary Ann's attention to the details that exceeded my expectations. Her positive, can-do and "anything is possible" attitude sets her apart from many. She always made it "easy" for us to achieve our goals thus presenting very successful events for our guests and Chamber Members.

It is without hesitation that I recommend Mary Ann Borders. If you need additional information or if there is anything I can do for you, please do not hesitate to contact me at 310/322-1220 or at director@elsegundochamber.org.

Warm regards,

Marsha Hansen
